

**PROJECT PROFILE**

**THOMAS'S LONDON DAY SCHOOL, CLAPHAM**

Client: Thomas's London Day Schools

Architect: Claridge Architects

Consultant: -

Quantem Role: Quantity Surveyor

Completion: December 2007

Budget: £1.5m

**Project Description:**

New build class-room block and upgrade of external areas. The project has been featured in the Architects Journal and utilises new forms of construction, namely innovative structural timber frame and internal divisions. Quantem have worked closely with the Claridge Architects and Martin Design Associates to make the project work both technically and commercially.
